URBAN DISTRICT OF ALFORD.

THE ANNUAL REPORT

OF THE

MEDICAL OFFICER OF HEALTH 1962

A. LOFTUS, L.R.C.P., L.R.C.S., D.P.H.

Health Department,
The Clinic,
Cecil Avenue,
Skegness.

To the Chairman and Members of the
Alford Urban District Council.

Mr. Chairman, Ladies and Gentlemen,

I have the pleasure to present the Annual Report on the health and sanitary conditions of the district for Year 1962.

The Registrar-General's estimate of the resident population shows an increase of 40 over the previous year. There were 30 Births, giving a birth rate of 13.9 per 1,000 population. National rate 18.0. There were 33 Deaths from all causes, a death rate of 15.3 per 1,000, higher than National rate of 11.9. One death occurred in infants under one year. Three cases of Infectious Diseases were notified, two Scarlet Fever and one Pulmonary Tuberculosis.

During the year a new filter bed was installed at the Sewage Works to serve the whole district. Applications were received and granted in respect of seven houses, one standard and six discretionary. Two houses were the subject of Closing Orders, and fourteen houses were built by other bodies. Regular inspections were made at the Slaughter House and Food Premises. Refuse continues to be collected weekly and disposed of by part controlled tipping. The Water Supply remained satisfactory bacteriologically and chemically.

I take the opportunity of thanking the Chairman and members of Health Committee for their interest in the work of the Department, and the late Public Health Inspector for his co-operation.

I am,
Your obedient Servant,

A. LOFTUS.
Medical Officer of Health.
